

## The holly and the ivy

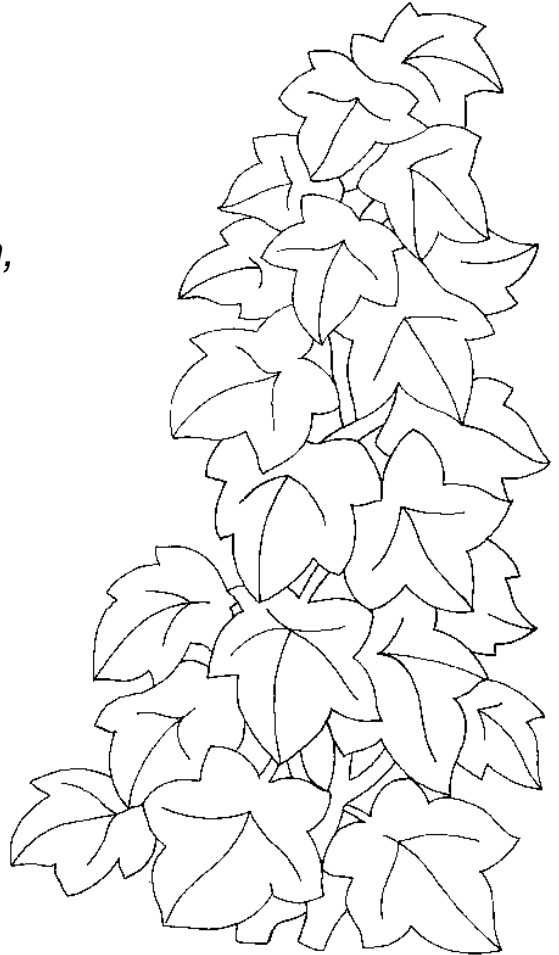

The beautiful holly and the ivy  
When they are well grown,  
Of all the trees that are in the forest  
It is the holly that we like the most.

*The sun rising in the morning,  
The cow, the donkey and the bull,  
The Christmas songs played on the organ,  
The beautiful singing of the choir!*

The holly, it grows the red berries  
Which are very bitter,  
And Mary gave birth to Jesus  
Who gave us his life.

The holly, it grows a little flower  
Which is white like the snow  
And Mary gave birth to Jesus  
To save you and me

The holly, it has the spikes  
It is necessary that we take care,  
And Mary gave birth to Jesus  
On Christmas Day in the morning.
