

La Gamme dé Palet

Mark out a square target on the floor. Divide the square into triangular quarters and mark opposing sections with the letters A and B.

This is a 2-player game. Each player is allocated A or B.

Players have 3 beanbags and take turns to throw their beanbags onto the target.

The aim of the game is to land a beanbag in the centre of the target.

Each game is scored in the following way:

Beanbag across a line = 1 point

Beanbag landing on opponent's quarter = 1 point

Beanbag landing within own quarter = 2 points

Beanbag landing dead centre = 5 points
