

## Les P'tites Bêtes

*Go out into your yard or garden and learn about minibeasts through the following activities and take the opportunity to practise and reinforce minibeast vocabulary in Jèrriais at the same time.*

- 🕷️ Go on a minibeast hunt and see what you can find in you yard or garden (see PowerPoint).*
- 🕷️ Build a bug hotel. Pile up pieces of wood with old bits of carpet, pottery, pipe, leaves and gravel. Wait and watch and see who moves in.*
- 🕷️ Use information books and the Internet to find out interesting facts about minibeasts. Try Jess' Minibeast Adventures on Cbeebies: <https://www.bbc.co.uk/cbeebies/shows/mini-beast-adventure-with-jess>*
- 🕷️ Read the Very Hungry Caterpillar by Eric Carle (La Carpéleuse Hardi Affanmée) and practise the days of the week, numbers to 5 and types of fruit in Jèrriais (see PowerPoint).*
- 🕷️ Make beautiful butterfly prints. Fold a large piece of paper in half. Open it out again and paint half a butterfly on one side. Fold the paper in half and press it together to make a symmetrical print.*
