

Classe 603 – Set piece for 1st year Secondary students

Lé Temps en Jèrri par Charlie Le Maistre

À St Jean l' tchait d'la plyie,
Mais y'a d's êparts à Ste Mathie,
À Saint Ouën l' fait bé,
Mais à St Brélade l' tchait d'la né !

l' fait caud à La Pulente
Alentous d' Grosnez l' vente
À St Martîn y'a des nouages
Et à St Pierre y'a d'l'ôrages

Et à St Saûveur lé solé lit
Mais l' fait froid à St Hélyi
À St Cliément l' tchait d'la grile
Y'a d'la bliâse à Grouville.

Jersey Weather by Charlie Le Maistre

In St John it's raining,
But there's lightening in St Mary,
In St Ouen it's beautiful,
But in St Brelade it's snowing.

It is hot at La Pulente,
Around Grosnez it's blowing a gale,
In St Martin it's cloudy,
And in St Peter there is thunder.

And in St Saviour the sun is shining,
But it's cold in St Helier,
In St Clement it's hailing,
It's foggy in Grouville.
